SyarryGold. I am mutually grateful for all your assistance. I have been your student for a while and the pace I chose in my ACA journey is slow owing to financial limitations. Finally, I have completed the whole paper and passed them. I took 3 papers Nov 22 diet, I passed 1 failed 2. I took another 3 papers May 23 diet, I passed 1 and failed 2 and finally this Nov 23 diet, I took the total 3 outstanding papers to me, and to His Glory, I passed All the Three this time around. I appreciate your contributions ever since my skills level I joined this Noble group. My sincere regards and gratitude to you ❤️❤️❤️❤️

Good evening, even though I was not your student and I did not get money to buy your video lectures as I wished to, but your daily reminder of the nearness of the exams and pieces of advice on how to go about reading and passing really went a long way in helping me. I am now ACA by the special grace of the ALMIGHTY GOD. Thank you very much.
